## Brucks re-elected

# CBG flexes political muscles

Hondo's Citizens for Better Government Committee, chaired by T. A. Lopez, made strong bids Saturday in efforts to seat two council-

men and a mayor. All candidates of the Mexican-American group lost, but by less than 100 votes in the mayor and Place 2 races,

and by 110 votes in the Place 1 contest. Mayor George L. Brucks won re-election by turning back a write-in bid by Tony

Garcia, III 497-419. Brucks will be starting his first full two-year term after being elected last year to fill a vacancy created by Jerome

Decker's resignation. Sarge Ney, Jr., the other candidate for mayor, polled 299 votes. In Place 1 balloting, vet-

eran councilman Andrew Patterson turned back a pair of opponents, including the first woman to run for the council. Patterson pulled 641 votes.

Tom Santos, the CBG candidate, received 531 votes, and Mrs. Linda Weaver got 51. Former councilman G. P. Chapman, a veteran of 10

years on the council, won the Place 2 seat 646-573 over CBG candidate Jesus Rodriguez.

Although Brucks was re-elected, the mayor did not receive a majority of the votes. Hondo ordinances make no provisions for a run off election when no candidate receives a majority.

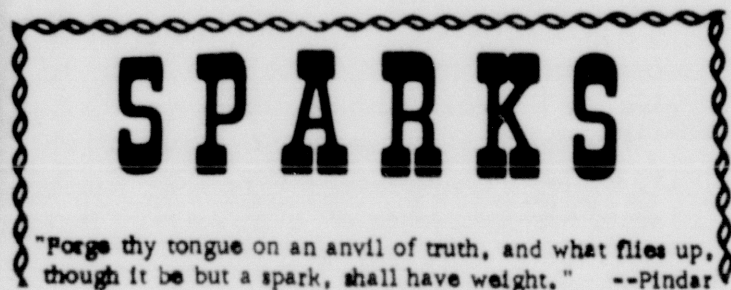

Both Patterson and Chapman received majorities.

An all-time high number of voters went to the poll, according to city officials, who reported 1256 ballots cast.

Voter turnout was about 500 heavier than in recent city elections. Although only 73 voted in the 1967 city election, 768 turned out in 1968, 748 in 1969, and 702 last year.

While election observers were surprised at the show of strength by the CBG candidates, they expressed even greater surprise at the showing of the CBG write-in candidate Garcia.

Traditionally, write-in candidates make poor showings.

### VOTERS PROVE ME WRONG

Victor Garcia at City Hall told me Monday, "Now you'll have to say something nice about the voter turnout."

And he is right. Last week I predicted a poor showing of local citizens at the ballot box, and added I hoped they proved me wrong.

They did. Edgar Stiegler, city election judge, said he has been sitting in that chair for years and years and Saturday's turnout of voters set a record at 1256.

Of course, the election did not turn out to suit everyone. I have never seen one that did. But the majority of the voters gave their support to the winners, so now we need to help those elected work for a better Hondo for everyone.

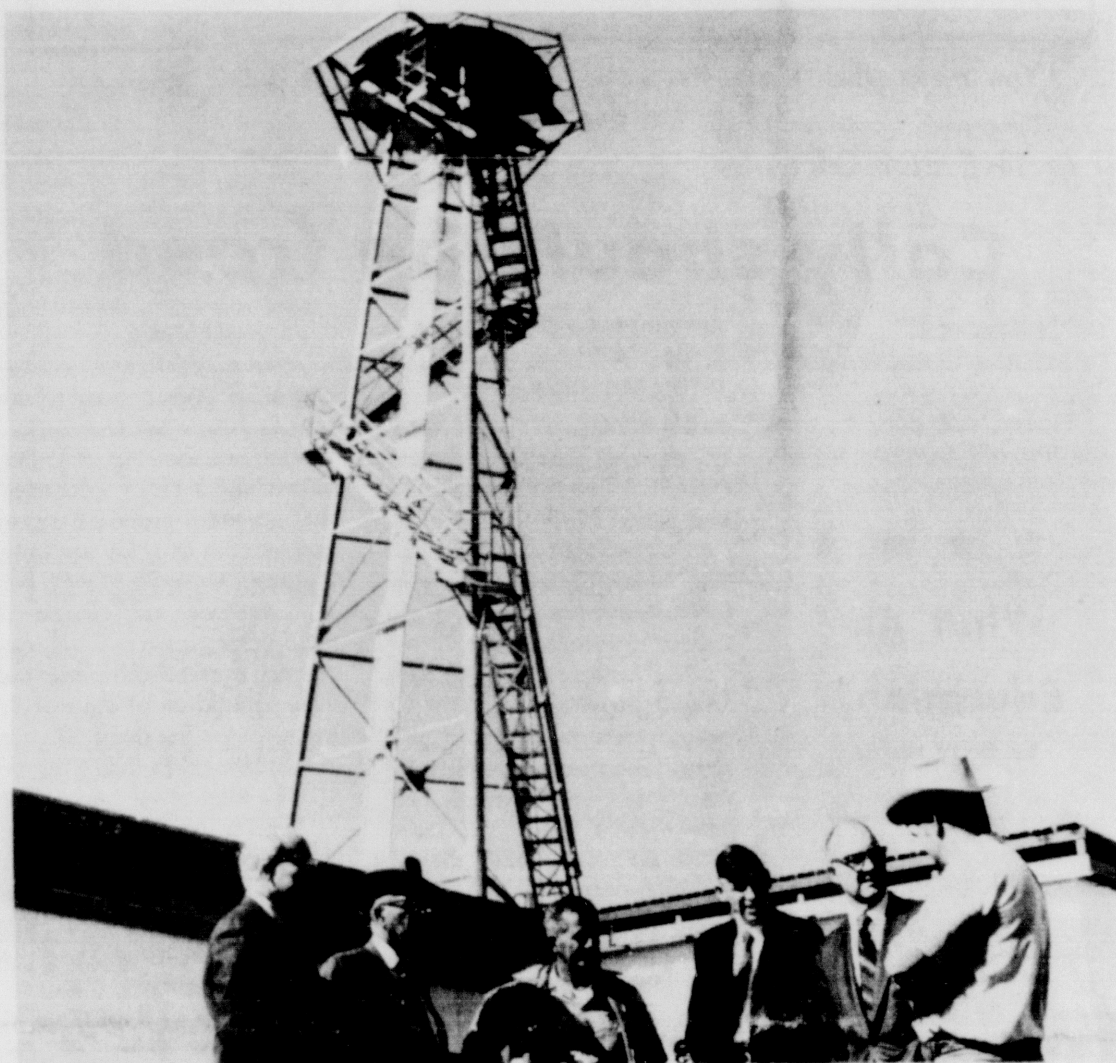

### THE CALLEY MESS

Uproar is a mild word to describe the protests aroused by the conviction and sentencing of Lt. William Calley in the My Lai episode.

I place myself strongly on the side of those who believe that the young lieutenant is a victim of the times and the judgment and sentence imposed upon him are far too harsh.

In fact I don't believe he should have been tried at all. I do not condone wanton killings, but I am firmly convinced that

## Weather station inspected

Weather service officials flew into Hondo to inspect the weather radar station now under construction. They were met by Mayor George L. Brucks and City Manager Fritz Leinweber and were given a tour of the city. L. R. Mahar, Director, Southern Region, National Weather Service, headed the group and told Chamber of Commerce Manager Harry Filleman that

the seven or eight positions opening at the station are extremely popular with his personnel. Mahar also said the station would be commissioned sometime in June. Discussing the station are, left to right: Joe Sassman, Regional Aviation Meteorologist; Leinweber; Contractor Herman Carlisle; F. W. Burnett, Deputy Director, National Weather Service; Mahar; and Brucks.

## Charges evolve from election

Tony Garcia, III, a write-in candidate for mayor in Saturday's municipal election, said he had been intimidated at the poll when he went to vote. Garcia made the statement Saturday evening in the city hall after the poll had closed.

According to a city official, Garcia appeared to vote before noon, telling Edgar Stiegler, an election official, that he did not have his voter registration certificate.

Stiegler, the official said, asked Garcia where he lived so a check could be made to

see if he was a registered voter.

Garcia gave him the address, Stiegler checked, found that Garcia was registered, and gave him a ballot.

When Garcia was leaving the poll, the official said, he showed Stiegler his registration certificate. Stiegler, according to the official, asked Garcia why he put him to the trouble of looking up the registration since he had his certificate.

"I just wanted to see what kind of an election you're run-

# Hospital receives re-certification

Medina Memorial Hospital has been re-certified for Medicare.

Word was received Wednesday morning from HEW that the re-certification has been granted retroactive to Dec. 19, 1969. That's the date when the agency revoked Medina Memorial's certification.

Certification was lifted by the federal agency because the hospital was unable to hire enough nurses for 24-hour registered nursing care.

Re-certification of the facility became possible with the enactment of special legislation fostered in Congress by Rep. Abraham (Chick) Kazen and the rest of the Texas delegation.

The waiver of 24-hour registered nursing provisions will be in effect for 12 months beginning April 5. Meanwhile, the hospital is expected to make every effort to secure the necessary nurses.

The HEW notice said such

efforts will be closely evaluated at the end of the waiver time if the hospital is still deficient in registered nurses, and wishes to have its certification continued.

Hospital administrator J. Melvin Finger said Wednesday that word is being awaited from Blue Cross before the hospital can begin taking and processing applications under Medicare. He said he expects to hear from Blue Cross by next week.

## Museum Day

Final details on Museum Day will be mapped Monday at a meeting slated for 7:30 p.m. at Medina Electric Cooperative.

"We need everyone connected with any function of Museum Day to attend," Chairman Burnis Lawrence said. "We intend giving full attention to all projects, booths, and other plans for the May 1 event."

Board members also will be present and the general public is invited to attend.

# Marijuana possession charges filed on seven

Five men and two women were arrested on charges of possession of marijuana last weekend in two separate incidents.

LaCoste constable Alvin Santleben and Castroville city marshal Frank Hayes arrested

ed two men and two women Sunday in Castroville.

The others were arrested in Hondo by local police Saturday afternoon.

Arrested by Santleben and Hayes were Christine Santos, 19, of Hondo; Margaret F. Coover, 26, of Lampasas; Ronnie Herrera, 18, of Richardson; and Peter J. Hales, 17, of Dallas.

They were apprehended in Castroville for a traffic violation officers said, and later charged with possession of marijuana.

All were released on \$5000 bond set by Justice of the Peace Harold Herring in Hondo.

Hondo patrolman James Shofner and a Seguin Police Department officer riding with him arrested the others. Being held Tuesday under \$5000 bond set by Herring were Jack A. Williamson, Jr., 20, of Devine; Harris P. Harrell, 20, of Ft. Worth; and Floyd F. Halliburton, Jr., 22, of Devine.

Police Chief Jerry Williamson said Shofner and the Se-

guin officer saw the three men drinking in a car. They thought one might be a minor and stopped the car.

The trio was arrested, and charges of minor in possession and making beer available to a minor were to be filed.

However, Williamson said that en route to the jail, officers noticed one of the men stuck something under the car seat.

Later, a routine search turned up \$795 in cash, some marijuana, and a large quantity of marijuana seed in the car.

## Hondo youth stabbed

Hugo Morales of Hondo came within inches of being stabbed in the heart Friday night in an altercation outside the West End Club in Hondo.

Arrested Tuesday and charged with assault with intent to murder was Armando S. Fuentes of Hondo.

Morales was stabbed twice, once in the center of the chest, and again in the left chest.

He was taken to Medina Memorial Hospital and later transferred to Santa Rosa Hospital in San Antonio. Tuesday morning he had been removed from intensive care.

### Pig feeding is fun

These young ladies declare that pig feeding is fun—if you are doing it for the Museum Day celebration. Anyway they worked hard Saturday to get other people to feed a little money into the pigs which will be auctioned at Museum Day. In no special

order the girls are April Alexander, Paula Boehme, Brenda Hardt, Dorothy Jones, Kay Martin, Belinda and Pam Pitre and Cindy Tschirhart. Roy Harrison proved to be the most generous feeder, for he fed every pig.

ning," Garcia is said to have told Stiegler.

The official said Stiegler was obviously disturbed by the incident.

After the poll closed, Garcia returned and levelled the intimidation charge.

City attorney Hugh Meyer questioned Garcia in an effort to learn exactly how he had been intimidated, another city official said.

Finally, according to the official, Garcia said Stiegler had scared him. Meyer is said to have noted the age

and physical size of the elder Stiegler compared to Garcia, and let the matter drop.

The Anvil Herald was unable to talk with Garcia. However, his father, Tony Garcia, Jr., said Wednesday morning that some Mexican-Americans faced delays in voting when they did not have their voter registration certificate.

The older Garcia said some Anglo women voters without certificates received their ballots quickly.

During her three days, Miss Jarrell shared her many years of experience by bringing to the local unit: direct consultative service, information about current trends, assistance in strengthening the local operation, a sounding board for ideas and plans, interpretation of National Council policies and standards, opportunity for

objective analysis, identification with Camp Fire Girls, Inc.

She pointed out to local leaders that Camp Fire Girls, Inc. has a program of field service in order to provide person-to-person, on-going contact as a way of giving leadership to and sharing knowledge with chartered units, be aware of council needs, develop plans for the agency which are geared to geographic units, promote national program and organization plans, supervise adherence to National Council policies and standards, listen and be responsive to grass roots concerns, provide national identification in locally chartered units, have field representatives who are catalysts for change, and focus on making the program relevant to the needs of today's youth.

## Easter Dance

SUNDAY NIGHT, APRIL 11

and his STARLITE RAMBLERS

This Easter Sunday let us all raise our voices in song as we celebrate the Resurrection:

"Jesus Christ is ris'n today, Alleluia! Our triumphant holy day, Alleluia! Who did once upon the cross, Alleluia! Suffer to redeem our loss, Alleluia!"

**D'Hanis State Bank**

Member FDIC

In the last days of his life on earth the Lord Jesus Christ shared many thoughts and ideas with his disciples. In this Holy Week, the Anvil Herald is pleased to put before you some extracts from these last speeches with the prayer—"If, today, you hear the voice of the Lord, harden not your hearts."

As He spoke of the end of the world, He said, "Watch yourselves or your hearts will be coarsened with self-indulgence and drunkenness and the cares of this life and that day will come on you suddenly."

As He entered the city of Jerusalem He wept and said, "If you in your turn had only understood on this day the message of peace. But, alas, it is hidden from your eyes." And He warned the people of coming doom because "You did not recognize your opportunity when God offered it."

During the Last Supper, the Lord spoke at great length. The whole discourse may be read in St. John's Gospel, Chapters 13 thru 17. The following are extracts:

"My little children, I shall not be with you much longer. I give you a new commandment: love one another; just as I have loved you, you also must love one another. By this love you have for one another, everyone will know that you are my disciples."

"I am the Way, the Truth and the Life. No one can come to the Father except through me."

"If you love me you will keep my commandments."

"This is my commandment: love one another, as I have loved you. A man can have no greater love than to lay down his life for his friends. You are my friends, if you do what I command you." "You did not choose me, no, I chose you; and I commissioned you to go out and to bear fruit, fruit that will last; and then the Father will give you anything you ask him in my name. What I command you is to love one another. If the world hates you, remember that it hated me before you." "If they persecuted me, they will persecute you too."

"In the world you will have trouble, but be brave; I have conquered the world."

CONFIRMATION RITES HELD AT ST. JOHN'S CHURCH . . . Father George Stuebben (l), pastor of St. John's, and Father Alton Rudolph (r) of San Antonio assisted Archbishop Francis Furey, seated in back.

## County Agent

### Mechanization could ease broomcorn production cost

By Glenn Bragg, Medina County Agent

Broomcorn, which goes to make the business end of the common broom, is one of the U.S. crops that is still harvested by hand.

But with the way labor costs are soaring these days, many broomcorn farmers can

just about break even. The withering demand for the old fashioned broom isn't helping the situation either.

Now, the broomcorn growers of America are getting mechanized. Scheduled for field testing by mid year is a mechanical harvester being developed under a joint project of USDA, Texas A&M University, the Economic Development Administration, and the Broom and Broomcorn Industry.

Many in the industry are convinced this machine will do the job as well or better than hand labor. If successful, the harvester could cut harvesting costs in half.

Direct labor costs may be as much as 80% of the broomcorn production expenses. For other crops in Medina County, other than vegetables, labor costs account for roughly 15%.

With production costs continuing to rise and cheap broomcorn and brooms being imported from Mexico, the amount of broomcorn grown in Medina County has declined from approximately 10,000 acres in 1958 to approximately 4,000 acres in 1970. If the drought situation continues this spring even less will be raised in 1971.

Will we see the day that Medina County will not produce broomcorn which is presently a half million dollar industry?

A mechanical harvester could possibly help save a now declining broomcorn industry in Medina County as well as in the USA.

## Social Security

QUESTION: I did not receive social security benefits for myself in 1970, but I did receive checks on behalf of my child. Must I file an annual report for 1970?

ANSWER: Yes, if the child's earnings exceeded \$1680. The representative payee must act on behalf of the person whose checks he receives.

QUESTION: I worked for wages of \$2400 in 1970, and I operate a farm which showed a loss of \$1100. Am I required to file an annual report?

ANSWER: Since your wages exceeded \$1680 you will be required to file a report. However, you will not suffer any deductions from your 1970 social security benefits because your combined wage and self-employment loss resulted in only \$1300 for the year.

QUESTION: When is the annual report due?

ANSWER: The annual report of earnings must be filed before April 16, 1971. If you are ill or otherwise unable to file such report on time be sure to have a relative or your accountant contact the social security office for you. You may be penalized if you should fail to report.

QUESTION: A college friend of mine receives social security student benefits. Since I'm having a tough time financially, I wonder if I can qualify too?

ANSWER: A student's benefits are payable to a son or daughter of an insured worker who is retired, disabled, or deceased. The student must be unmarried and under age 22.

Mrs. Dottie Fry  
S. S. Representative

If you have any questions about this annual report or about any program under social security, see your representative when he is in your area. Your representative, Mrs. Fry, will be in Hondo at the Council Chamber of the City Hall on Monday, April 12, at 8:45 a.m.

After the darkness of Calvary, came the light of the resurrection. Now, in these days of division and upheaval, things sometimes look dark, too . . . that's why it's important for us to remember that Christ has conquered death and has shown us the way to obtain life everlasting for ourselves. This Easter, as we rejoice in His victory over the tomb, let us pledge to turn to our tasks with renewed faith and hope, striving to follow in His footsteps.

A happy and holy Easter to all!

# New city ordinances being enforced

All ordinances included in the recent recodification of Hondo City ordinances are now in effect and the public should take note of some new ones being enforced.

## No Public Storage

21.1000--It shall be unlawful for any motor vehicle, wheeled, scooter, automobile, truck, trailer, farm machinery, transport apparatus or personal property whatsoever, to remain parked on any public street, roadway, parking lot or facility, or any public property whatsoever, in excess of seventy-two (72) consecutive hours. Any such parking shall be prima facie evidence that the owner of such vehicle or property is using a public street for storage of such vehicle or property, and, in addition to the other penalties prescribed in this chapter, such vehicle may be towed or removed to the City Pound and stored at the owner's expense.

The pound has been built near the city warehouse at the airbase and City Manager Fritz Leinweber said enforcement of this ordinance would begin immediately.

**Solicitors, Peddlers and Distributors**  
17.101--This ordinance declares it unlawful for "any solicitors or canvassers of order for services or merchandise or for peddlers, itinerant

Permits are available at City Hall and Leinweber urges all residents to make certain any solicitor or peddler, etc., has a permit.

**Mandatory Garbage Pickup**  
12.204--"All persons living within the city limits of the City of Hondo shall be automatically placed on the garbage collection rolls of the city and shall pay to the city that amount of money provided for collection fees in Section 12.401 (these fees are \$1.75 per month).

**Parades and Similar Uses of Public Places**

Mr. and Mrs. G. O. Braden spent the weekend in San Antonio where they became acquainted with their newest grandson, Edward Oscar Hartmann, who was born April 2.

No person shall engage in, participate in, aid, form or start any parade, unless a parade permit shall have been obtained from the chief of police.

21.1202.1--Exceptions: This chapter shall not apply to: (a) funeral processions; (b) students going to and from school, classes participating in educational activities, providing such conduct is under the immediate direction and supervision of the proper school authorities; (c) governmental agency acting within the scope of its functions.

## Animals and Fowl

4.102--Dogs at Large: It shall be unlawful for the owner of any dog, or any other persons having control of any dog, to permit such dog to run at large within the corporate limits of the City of Hondo, and every person owning a dog or being in control of a dog shall keep such dog restrained by caging or penning such dog, or by keeping such dog on a chain or leash under the control of such owner or some other person.

4.103--Penalty: The permitting of dogs to run at large within the corporate limits of the City of Hondo is prohibited, and any person who shall wilfully permit any dog, the property of such person, to run at large within the corporate limits of the City of Hondo, shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined in a sum not less than one (\$1.00) dollar nor more than two hundred (\$200.00) dollars, and each day of so permitting such dog to run at large shall be deemed a separate offense. Dogs kept enclosed in a pen or cage on private property or on a leash while in any public places shall not be deemed to be running at large under the terms of this chapter.

All ordinances may be inspected and read by any citizen at any time by going by the City Hall. Leinweber pointed out.

This week

## That's all she wrote

by Edna McDade

Whatever the postal regulations regarding the sending of firearms through the mails, the fact remains that, last week, FRITZ LEINWEBER received what might once have been a reasonable facsimile of a young desperado's shooting iron.

Battered and rusty, the toy pistol was sent by an anonymous donor as a contribution to the Museum auction. Any bidders?

The Museum pigs, being fattened for the auction, had a feast day Saturday when eight energetic young lovelies from Lacy School took over the task of supervising the poco-pokey porkers' diet. They were not getting enough vital monetary vitamins from contributors.

The five piggy banks were considerably hefty when the girls returned them to their respective feed lots at HONDO NATIONAL BANK, LEINWEBER'S, DAN'S FLY DRUG and PEDEN'S WINDROW DRUG.

In the persuasive group of temporary dieticians were APRIL ALEXANDER, PAULA BOEHME, BRENDA HARDT, DOROTHY JONES, KAY MARTIN, BELINDA and PAM PITRE and CINDY TSCHIRHART. To each of them go the appreciative thanks of the Museum officials.

Among the many interested and generous contributors to the pig feeding project was Hondoan ROY A. HARRISON, cooperative school counselor for the D'HANIS and NATALIA schools.

Mr. Harrison not only fed every piggy bank, but he also bought a cake from the FHA girls and contributed the cake to the PB workers who each had a taste of it and sold the remaining slices to learn more money for their pigs.

The April Newsletter of the TEXAS TOURIST DEVELOPMENT AGENCY, Austin, included a persuasive paragraph calling attention to Hondo's MEDINA COUNTY MUSEUM DAY to be held here May 1.

Let's hope that, among the Newsletter's readers, will be some who are planning to visit us on that day. The welcome mat will be out for them.

Through the several years since WAYNE WENDLAND graduated from HHS, I have kept up with him through his parents, the ARNOLD WENDLANDS. I have never forgotten Wayne's delightful personality and his happy outlook on life which I knew would direct his determination to "stand up and be counted" in more mature years.

Although Wayne might not even remember me, I think his many friends will share with me this community's pride in his newly chosen field of work. His father told me that Wayne is now teaching in Austin in a school for handicapped children, his preference over other (and perhaps more lucrative positions) which were open to him.

Following his military service which took him to faraway places, Wayne completed his college education, and is now sharing his acquired knowledge and experiences with children who are most in need of such leadership.

I hope many read DAN KLEPPER'S OUTDOORS column in the SA EXPRESS/NEWS of Saturday, April 3.

It concerned deer, their present plight in seeking food along the highways, the dangers to unsuspecting motorists, and contained good advice for everyone interested in the preservation of wildlife as well as human life.

Deer contribute much to our Medina County economy every year. And it might be well for us to remember that the "hides" we help to save might well include our own!

The ANTON J. HARDTS were accompanied to church a few Sundays ago by their grandson, DAVID, who attends college in San Marcos.

It was my pleasure to meet him and to recall the pleasant phone visit I had with his father, RICHARD HARDT of near-Philadelphia while I was in Lancaster for a long Christmas vacation.

Enjoy those extra 40 winks while you can. Come Sunday, April 25, it will suddenly be an hour later than you think, according to DST.

## 4-H demonstration teams enter district contests

Eliminations were held April 2 in Hondo High School Gym to determine who will represent the county 4H at the District contest in Kingsville on April 17.

Team demonstrations chosen to compete at district are: Raymon Turner and Olga Orta - Electrical Safety; Jenny Kile and Nancy Hood - Proper Riding Habit; Larry Bohmfalk and Buddy Woolls - Rifle Safety; Fayette and Fonda Thannish - Community Improvement; Pat Eaves and Parker Abell - Senior Natural Resources; Catherine Cox and Denise Saathoff - Junior Natural Resources; Linda and Deanna Howard - Farm and Ranch Management; Vicki Gilliam - Clothing Education; and Chris and Doug Cole - Horticulture.

The Rio Medina Senior Share-the-Fun will represent the county with their skit entitled "A Can of Beans". Mary Beth Jungman, Debbie Persyn, Hilton Stinson, Shirley Wurzbach, Sylvia Jungman and Vickie Boehme portrayed the characters.

The D'Hanis Junior Share-the-Fun placed first with a musical arrangement depicting martians landing on the earth. Participants in this skit were Joseph Nester, Tony Zinsmeyer, Ronnie Rothe, Jimmy Bendele, Terry Carle, Christi Rothe, Shelley Ney, Gloria Bendele and Beverly Hood.

Sandra and Claudette Dye placed second in Junior Share-the-Fun with a skit using a Ventriloquist Dummy. Representing the county in

Senior Public Speaking will be Joe Hartley and Donna Boehme. Second place winner in senior girls public speaking is Sherry Turner and third place is Catherine Biediger. Keith Saathoff will compete in the Junior Public Speaking contest.

These contests provide learning experiences for 4H members and furnish opportunities for them to gain knowledge in their field of participation. Local adult and junior 4H leaders provide much of the local leadership for the training of the enrolled youth. Parents and interested youth who have not participated in 4H programs are invited to explore the training and "learn by doing" aspects of the organization.

**Veterans get savings**

For the third time in less than three months, the nation's veterans and servicemen are beneficiaries of substantial savings on interest on home loans guaranteed by the Veterans Administration.

Mr. P. J. Mims, director of the VA Regional office in Houston, noted payments on a typical loan, as a result of the latest reduction to 7% effective February 18th, would be about \$21 per month less than they were before they were reduced from the peak 8.5% interest rate last December.

During the life of the loan, savings would amount to approximately \$7,500.

Mims explained that these savings are based on the average \$24,800 loan

Morales, who is recuperating at Santa Rosa Hospital.

The Eagles will enjoy a day off on Easter Sunday and then return to league play on April 18 when they journey to Boerne for a game with the Boerne Eagles.

The Hondo range team defeated ten other teams in qualifying for state range judging contest by winning second place in Area VII Range contest at Fredericksburg on April 1st. This is the highest plac-

ing a Hondo FFA team has scored in area land or range judging.

The Hondo FFA Land team composed of Kim Turner, Butch Schuehle, Apolonia Miranda and Bobby Mummie, placed fourth in district contest at Uvalde and tenth at Area VII land contest in Fredericksburg. There were 20 land teams entered at the area level and seven teams on the district level.

Kim Turner scored over 210 points in area land judging but other team member scores were too low for the team to place higher.

The Revaldina FFA District poultry and dairy contest was held at Hondo High School April 6th. Results of this contest will be given next week. There were 10 schools entering teams in the Tuesday contest. The Hondo FFA chapter is grateful to the local farmers who assisted in presenting the dairy and poultry judging contest.

### Our people in service

U.S. Air Force A/1C Timothy J. Mikes, son of Mr. and Mrs. Alexander A. Mikes of San Antonio, participated in a recent training exercise near Eielson AFB, Alaska. The airman is a 1967 graduate of Devine High School. His wife,

Bonnie, is the daughter of Mr. and Mrs. Stewart of Devine.

Airman Mikes is a photographic specialist with the 9th Tactical Reconnaissance Squadron at Bergstrom AFB, Texas. His unit is a part of the Tactical Air Command.

### Aircraft back on Hondo ramp

This C-54 aircraft is something out of the past for the ramp at Hondo Airbase. Gary Aircraft Corporation has been awarded a contract by Warner Robbins AFB for IRAN (inspection and repair as needed) on this type plane and the work will be ac-

complished in Hondo. Some 14 aircraft are scheduled within the next three months and others are to follow. This will mean an increase in personnel at Gary of from 100 to 150 in the near future.

### Free vaccine

### County rubella campaign starts

Medina County will launch a county-wide rubella immunization campaign during the month of April. Parents of children ages one through ten are urged to take advantage of the availability of this vaccine.

Parents are reminded that this vaccine is for rubella, commonly called German or 3-day measles, and should not be confused with the vaccine that has been offered in the past few years for regular red or 10-day measles which does not protect against rubella.

Also, since many childhood diseases look and act

like rubella, it is impossible to know for sure that a child has had the disease without a special blood test. So it is recommended that all children ages one through ten years be given the vaccine even though it is believed that a child has already had the disease. It is safe for a child who has had the disease to receive the vaccine.

Using the virtually painless "jet injector", rubella vaccine will be administered in the schools to school age and pre-school children having signed permission from a parent or guardian. Parents of children at least one year of

age and older, but not yet in school, are urged to bring their children to any one of the schools listed below at the time scheduled.

Devine Elementary - April 14 - 9:30 a.m. to 11:30 a.m.

Natalia Jr. High - April 14 - 1 p.m. to 3:30 p.m.

Hondo Meyer School - April 28 - 8:30 a.m. to 10:30 a.m.

Castroville Primary School - April 28 - 1:30 p.m. to 3:30 p.m.

LaCoste Jr. High School -

April 28 - 3:45 p.m. to 4:45 p.m.

Immunizations given the month of March:

DPT, 68; DT, 16; Polio, 65; Smallpox, 71; Measles, 26; Typhoid, 868; Tuberculin skin tests, 6; Well Child Conferences, 1; Number of persons tested or immunized, 719.

KRME

We hope to see you there. Many generous merchants have donated items to be given away during the two-day anniversary party.

I have had a few people ask me already why KRME didn't air the Ronnie Mason and the Mason Knight Show last Saturday. In the last few shows we experienced some technical trouble. As soon as we get them ironed out the program should be back on its Saturday afternoon slot.

Well, that's about all for this week. Don't forget about our anniversary party. KRME will have the details, so make it a point to tune us in.

Remember: "The only easy payment is the down payment."

Speaking for Ronnie Mason and the Mason Knights and KRME, thanks for coming to our dance on March 20th. We had a great time and enjoyed meeting some of our listeners. In the near future we will try to have another dance.

A tip of the hat to Dale Keith and his Starlite Ramblers for saying a few nice things about KRME.

For all you Ronnie Mason music lovers, Ron and his band will be playing at our first Anniversary party on April 17th and 18th.

KRME is also going to have live Spanish music by two bands for your listening enjoyment.
